

NEW PRODUCT LAUNCH

INTRODUCING THE THINKPAD X300 – REALLY THIN, LIGHT AND LOADED.

The new ThinkPad X300 is ultra-thin, ultra-light and ultra-functional. Designed for successful professionals with mobile lifestyles who appreciate the latest in technology and design, the ThinkPad X300 has all that it takes to stand apart from the rest.

The ThinkPad X300 is highly recommended...

...when Productivity and Mobility are Important

In a global environment, users need extremely mobile and reliable computing systems. The ThinkPad X300 is the thinnest and lightest notebook Lenovo offers. And with a battery life of up to 10 hours, you'll have plenty of time to get your work done, without any untimely breaks.

...when Technology is Key

The ThinkPad X300 comes with the latest technology and innovative connectivity options. With Intel® Centrino® with vPro™ technology, the ThinkPad X300 offers outstanding performance and a fully featured platform in a Small Form Factor.

...when Reliability is Critical

With ThinkVantage™ Technologies like Rescue and Recovery™, Access Connections™, ImageUltra Builder and System Update Manager, the ThinkPad X300 provides the reliability you have always been looking for.

- Extremely thin (just 0.73" - 0.92") - Extremely light (starts at 1.33Kg)
